CPD Seminar: Introduction to Carbon Auditing

The seminar will introduce the technical and scientific fundamentals about carbon management and carbon auditing with Green House Gas definition and emission estimations. Through the understanding of Green House Gas Protocols, Trading Schemes and Carbon Audit Guidelines in H.K. ...etc, the methods and process of carbon auditing will be outlined.

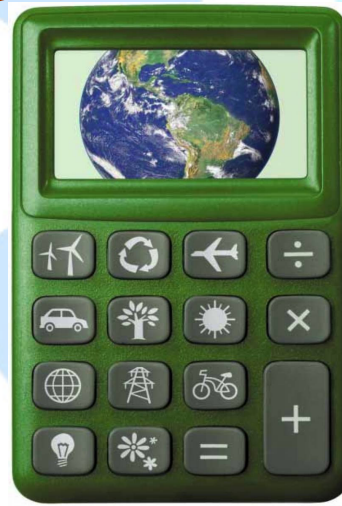

About the Speaker:

Ir. Dr. Shelley Zhou, Director of Hong Kong Association of Energy Engineers and a Certified Carbon Audit Professional (CAP), has over 10 years experience in environmental and carbon management consultancy in Hong Kong, China and Singapore. Shelley worked as a Senior Environmental Consultant and Market Development Manager, responsible for strategic consultancy and marketing of carbon management solutions. She also worked at CK Life Science International, Inc. as a Senior Science Officer, responsible for projects in the area of environmental protection, agriculture, new energy, renewable energy and biotechnology. Shelley holds a PhD in Environmental Engineering from the National University of Singapore and a Master of Philosophy degree in Civil Engineering from the Hong Kong University of Science and Technology. Other than academic and business sector experience, Shelley has also been active in voluntary engagements with non-governmental organizations. She is a council member of Hong Kong People's Council for Sustainable Development, a member of Friends of the Earth (HK), Engineers Without Borders (HK) and a core member of the Hong Kong delegation to the United Nations Framework Convention on Climate Change ('UNFCCC'), Thirteen Conference of Parties ('COP13') in Bali in 2007.
