
Game Changing Energy and Climate Trends

Latest Energy News from Al Gore with Permission

Speaker:

Dr. Eric A. Woodroof, Ph.D., CEM, CRM
Certification Board Member - CEM and CRM Programs
Founder - ProfitableGreenSolutions.com

AEE Immediate Past President Dr. Eric Woodroof will present some new data regarding climate change as well as "game-changing" information on energy pricing that will impact the energy industry. Some of the data is directly from EPRI, the Economist, Bloomberg and other sources. Dr. Woodroof also has permission to use some slides from Al Gore's science team (updated with July 2013 data). Woodroof's talk will be non-political and he is sharing this information because he feels AEE members need to prepare for these new trends in the energy industry. Seating is limited.
