

## GUIDED TOUR

REGISTRATION **Oct 14 Sat**

### “Climate Change and My Smart City” at Zero Carbon Building

Construction Industry Council ZCB has transformed into an experiential platform that promulgate awareness in Climate Change and displays the latest Smart City technologies. ZCB hope to bring visitors a totally new exhibition experience through this transformation. From June till December 2017, ZCB exhibition will be themed as Climate Change and My Smart City consisting four sub-themes:

1. Climate Change
2. Smart City & Sustainable Built Environment
3. Smart Living
4. Health and Well-being

The exhibition centre showcases the latest technology and provides innovative visitor touch-points including games with Virtual Reality (VR) and Augmented Reality (AR) experience. We will also be able to walk around the main facilities of ZCB. ZCB is the first Zero Carbon Building in Hong Kong, it is a signature project to show-case state-of-the-art eco-building design and technologies to the construction industry internationally and locally and to raise community awareness of sustainable living in Hong Kong.
