

GUIDED TOUR

T · PARK [源 · 區]

T · PARK signifies the continuous drive to shape Hong Kong's "waste-to-energy" ambitions for the good of the community. T · PARK officially opened in July 2016. It reflects a vision to encourage positive change in people's attitudes and behaviors towards waste management and resource recovery and recycling. T · PARK is more than just a plant, but a place to learn and engage in Hong Kong's green force through its recreational, educational and ecological facilities. "T" stands for "transformation", connoting our vision to embrace the concept of "turning waste to energy" and "driving changes in attitude and behavior towards a greener lifestyle".

T · PARK is a unique sludge treatment facility combining advanced technologies of sludge incineration, power generation, seawater desalination and wastewater treatment in one self-sufficient complex. It has a maximum treatment capacity of 2,000 tons per day. The heat energy generated by the sludge incineration process at T-Park where is recovered and converted to electricity to run the facility itself, while up to 2 megawatts of surplus electricity can be exported to the power grid, enough to power up to 4,000 households. T-PARK adopts a zero-wastewater-discharge policy in which wastewater is treated and reused for irrigation, flushing and cleaning purposes. It houses a seawater desalination plant that produces fresh water for use on-site while rainwater is collected for non-potable use.

In April 2016, T · PARK, together with Stage 2A of the Harbour Area Treatment Scheme, won the distinction award in the category of Wastewater Project of the Year at the Global Water Awards 2016. In addition, the architectural design of T · PARK has also been highly acclaimed and recognised by the Hong Kong Institution of Engineers and the Institution of Structural Engineers with the presentation of the Grand Award in this year's Structural Excellence Award.

TIME : 10:30am—12:00pm

DATE : Saturday, 13 January, 2018

ASSEMBLY DETAILS:

09:30 Exit F, MTR Kowloon Tong Station

(Coach will be arranged for pick up and return to MTR Kowloon Tong Station)

CPD : 1.5 hours

LANGUAGE: Cantonese

REGISTRATION FEE :

- IFMA HK Chapter Members / Corporate Sponsors : HK\$80
- IFMA Base Members / Supporting Organizations : HK\$150
- Non members : HK\$200

ENQUIRY : 2512 0111 / registration@ifma.org.hk
