

Seminar on Future - Ready Data Centers: Strategies for Efficiency and Maintenance

Organized by
Building Services Operation and Maintenance Executives Society (BSOMES)
–This is an Official and Core activity under the CPD Scheme of the Property Management Services Authority –

Date, Time & Venue

Date : 10 July 2025 (Thursday)
Time : 7:00 p.m. to 8:30 p.m.
Venue : Lecture Theatre 02 (LT02),
G/F, IVE (Morrison Hill), 06 Oi Kwan Road, Wan Chai, Hong Kong

Summary

Join us for an insightful seminar on strategies for enhancing efficiency and maintenance in modern data centres. This event will feature industry leaders sharing their expertise on cutting-edge solutions for today's challenges.

Hear from our distinguished speakers:

- Learn about advanced liquid cooling solutions designed to maximize performance while minimizing energy use.
- Discover innovative AI-driven strategies for enhancing energy efficiency in data centres.
- Gain valuable insights into effective operation and maintenance practices that ensure optimal performance and reliability in data centres.

This seminar is a must-attend for professionals looking to enhance their knowledge and stay ahead in the rapidly evolving data centre landscape. Don't miss this opportunity to engage with experts and network with peers. Join us to explore transformative solutions for a sustainable future!

Speakers:

Mr. Jacky Tang

Solutions Manager, Bid & Solutions Consulting, Commercial Group, HKT

Jacky has over 10 years of experience in designing and integrating solutions across multiple technical domains. He leads the solutions team for Smart Building Solutions, encompassing mobile applications, ICT, and ELV. Jacky is responsible for designing, integrating, installing, configuring, and troubleshooting these solutions.

Mr. Kenneth Ng

Chief Technology Officer of Digital Power, Data Center Facility & Critical Power, Huawei Hong Kong

As a seasoned expert in data centre infrastructure across the Asia-Pacific region, Kenneth brings over 20 years of industry experience, specializing in data centre power distribution systems, intelligent energy management, and low-carbon technologies. With deep expertise in hyper-scale data centre planning, high-reliability power solution design, and full lifecycle operations, Kenneth has spearheaded multiple landmark projects in Hong Kong and neighbouring regions, including hyper-scale data centres, AI computing hubs, and green low-carbon park energy systems.

Supported by:

Ir Chris Ting

Vice President, Facilities Management, Network Planning & Operations, HKT

Chris has over thirty years of experience in the Building Services Engineering industry, particularly in the operation and maintenance of various building services plants. He has been involved in data center development and sustainability O&M. He holds a Bachelor's Degree in Mechanical Engineering and an MBA from the University of Hong Kong. He is a Chartered Engineer, Registered Energy Assessor, RCx Professional, and Registered Professional Engineer. Additionally, he participates in various technical task forces and committees, making valuable contributions to the engineering industry.

Language: Cantonese (supplemented by English)

Fee: Free of charge

Enquiry: For enquiry, please whatsapp 5281 8074.

Registration & CPD Certificate

This seminar with maximum capacity of 120 and is based on first come first served.

Please click the hyperlink and complete the registration: <https://forms.gle/HLsHZno9bsazJVtP8>

The deadline for application is 04-July 2025 or when registration is full. The names of successful applicants will be informed by receiving a confirmation email before the date of seminar. If the applicants did not receive any confirmation e-mail on the aforesaid verification date, their applications will be regarded as unsuccessful. 1.5 hours CPD e-certificate will be emailed to participants within 1 month after the completion of the seminar.

物業管理業監管局
PROPERTY MANAGEMENT
SERVICES AUTHORITY

This seminar is recognized under the Continuing Professional Development (CPD) Scheme of the Property Management Services Authority as an Official activity. Property Management Practitioner licence holders may earn CPD hour through participating this seminar.

Remarks

1. If any typhoon signal no. 8 or above / Black Rainstorm Warning is in force within 3 hours before the activity, or a special incident happens, the affected seminar will be postponed.
2. The organizer reserves the right to amend the terms and conditions without prior notice.
3. In case of any disputes, the decisions of the organizer shall be final and conclusive.

Supporting Organizations:

1. Asian Institute of Intelligent Buildings
2. American Society of Heating, Refrigerating and Air-Conditioning Engineers - Hong Kong Chapter
3. Chartered Institution of Building Services Engineers – Hong Kong Region
4. Hong Kong Association of Energy Engineers
5. Hong Kong Green Building Council
6. International Facility Management Association (Hong Kong Chapter)
7. The Hong Kong Institution of Engineers – Building Services Division
8. The Hong Kong Institute of Facility Management
9. The Hong Kong Institution of Real Estate Administrators
10. The Society of Operations Engineers (Hong Kong Region)
