H.W. Yu
Shelley W.W. Zhou

HKAEE is organizing a technical visit from **29 to 30 Aug 2025** for 2 days to Guangzhou and Shenzhen in PRC. In this occasion, our visiting team will engage in technical sharing focused on the operational and technological aspects of the Hong Kong Jockey Club Conghua Racecourse and the District Cooling System (DCS) operated by Qianhai Energy in Shenzhen.

The Conghua Racecourse is a world-class equine facility operated by the Hong Kong Jockey Club. It integrates advanced infrastructure, bio-security systems and sustainable technologies to support elite horse training and racing operations.

Shenzhen Qianhai Energy Technology Development Co., Ltd., founded in 2014, is a state-owned enterprise under the Qianhai Authority, specializing in regional energy infrastructure and environmental sustainability. It is the key developer and operator of China's largest centralized district cooling system, located in the Qianhai Cooperation Zone of Shenzhen.

The maximum number of participants is 20 and applications will be accepted on a first-come-first-serve basis. You are strongly encouraged to make prompt registration, to facilitate the booking coach and hotel rooms, by completing the attached Registration Form (one per participant) and returning it to mcmcmc74@gmail.com by **13 August 2025**. Any matters, please call to Mr. Mike Cheng (Activities Committee Chairman) at mob: 852-90738458 or 19876716875 (PRC).
