Company Background : Located in Yuen Long Industrial Estate, Dunwell owns and operates the only waste oil re-refining facility in Hong Kong to collect and recycle waste lubricating oil from engines, machineries, transformers, etc. Since 1995, Dunwell has been recycling these valuable resources into cost effective, quality green lubricants for environmentally responsible users.

Dunwell also commits to providing state-of-the-art wastewater treatment technology and other green products/services such as, energy saving technologies, environmental cleanup services, oil analysis, etc. With continuous commitment on R&D, Dunwell's innovative technologies had received numerous international and local awards:

- 2009 Hong Kong Awards for Industries: Technological Achievement Grand Award with **Dunwell's Recovery of Dye and Heavy Metal Ions with Regenerable Nanosorbent in Wastewater from Textile and Electroplating.**
- 2008 Dunwell has the honor to be the first company ever from Hong Kong awarded China Environmental Science and Technology Awards – Silver Prize with Dunwell's **VMAT - waste oil recycling technology.** Awarded by Ministry of Environmental Protection of the People's Republic of China
- 2006 The Wall Street Journal Asia, Asian Innovation Awards with Dunwell's **VMAT – waste oil recycling technology** organised by the Wall Street Journal Asia and the Singapore Economic Development Board.
- 2006 Grand Award - Institution of Chemical Engineers (IChemE) Environment Award with Dunwell's **VMAT - waste oil recycling technology** organised by the Institution of Chemical Engineers, UK.
- 2005 Grand Award - Hong Kong Award for the Industry: Machinery and Equipment Design with Dunwell's **VMAT - waste oil recycling technology** organised by the Organising Committee of the Hong Kong Awards for Industries chaired by the Director-General of Trade and Industry.

Mr. Daniel M. Cheng, Managing Director of Dunwell Group has also been awarded the Medal of Honor from the HKSAR in 2007, for his continuous contribution in the environmental industry.
