Co-organizers : The Asian Institute of Intelligent Buildings (AIIB)
The Chartered Institute of Plumbing and Heating
Engineering – Hong Kong Branch (CIPHE-HKB)
Energy Institute – Hong Kong Branch (EI-HKB)

Abstract : Energy Efficiency Exhibition Centre
To promote energy efficiency and environmental awareness, an Energy Efficiency Exhibition Centre (EEEC) was opened to showcase different electrical appliances. Together with energy efficiency information and free consultation services, it gives visitors a better understanding of how quality of life can be improved by increasing energy efficiency.

Power Quality Centre

Voltage dips and harmonics are two major issues affecting power quality. To share our knowledge with customers, CLP has established a Power Quality Workshop to illustrate the causes and impact of power quality issues, as well as demonstrating practical measures that customers may adopt to mitigate power quality problems.
